Date: June 5, 2007

Agenda Item No. 8(J)(1)(D)

To: Honorable Chairman Bruno A. Barreiro
and Members, Board of County Commissioners

From: George M. Burgess
County Manager

Subject: Amendment Number Four to a Florida Power & Light Utility Master Agreement and Issuance of Work Order No. FPL-D-EHC-1 to Provide Utility Relocation of FPL's Distribution Facilities for the MIC-Earlington Heights Connector Project in an amount not to exceed \$4,518,847.62

Recommendation

The attached Amendment No. Four to the Florida Power & Light Company ("FPL") Utility Master Agreement and Work Order No. FPL-D-EHC-1 has been prepared by Miami-Dade Transit (MDT) and is recommended for approval.

Scope

PROJECT NAME: MIC-Earlington Heights Connector Project

PROJECT NO.: NCP004-TR07-UT2

PROJECT DESCRIPTION: The MIC-Earlington Heights Connector Project is an elevated 2.4 mile double-track, heavy-rail extension of the existing Miami-Dade Metrorail system. The project is located in central Miami-Dade County. This 2.4-mile heavy rail extension will connect the Miami Intermodal Center (MIC), located north of NW 21st Street and east of NW 42nd Avenue, to the existing elevated guideway just west of the Earlington Heights Metrorail station located at NW 41st Street and NW 22nd Avenue. The project includes one new Metrorail station at the MIC and provides a direct link to Downtown Miami from the MIC. The corridor begins at the existing elevated Metrorail line to the west of the Earlington Heights station, and continues westerly along the north side of SR 112, crosses SR 112 and then makes a southerly turn and crosses over the Miami River Canal. It then crosses over the South Florida Rail Corridor (SFRC) and parallels the SFRC and enters into the MIC.

WORK ORDER DESCRIPTION: The relocation of certain FPL distribution facilities and equipment which are in conflict with the construction of the MIC-Earlington Heights Connector Project.

PRIMARY COMMISSION DISTRICT: The MIC-Earlington Heights Connector Project will be physically located in Commission Districts 2, 3, 5 and 6.

USING AGENCY: Miami-Dade Transit

MANAGING AGENCY: Miami-Dade Transit

Fiscal Impact / Funding Source

ORIGINAL AGREEMENT AMOUNT: Not applicable. Amendment No. 4 amends the original agreement, known as the *Utility Master Agreement* (October 1979). The purpose of the Agreement was to solely provide for the orderly relocation or re-arrangement of the utility facilities and the reimbursement to FPL of costs associated with said relocations in advance of construction of Metrorail facilities. This original Agreement specified the procedures under which the County and FPL would follow in identifying, planning, designing and construction of said relocations. Pursuant to the Master Agreement, a Work Order is provided to FPL for each individual relocation job. The Board authorizes FPL to perform work and bill the County for the reimbursable costs of its utilities relocation associated with such design, construction or reconstruction of the system.

PREVIOUS AGREEMENTS WITH COUNTY: FPL, a company that provides electric service, has multiple agreements with the County through various County departments.

PREVIOUS MODIFICATIONS: Three previous agreement modifications, all as a result of changes in the State's insurance requirements. Amendment No. 1 (1980) to change the insurance requirements; Amendment No. 2 (October 1989) to change the insurance requirements for the construction of the Metromover Extension; and Amendment No. 3 (March 31, 1998) to change the insurance requirements and to modify the Work Order form.

FUNDING SOURCE: The project will be funded through a combination of the \$100 million awarded by the Florida Department of Transportation (FDOT) towards this project, and proceeds from the Charter County Transit System Surtax (Surtax). The cost of this work order is included as part of the MIC-Earlinton Heights Connector Project, which is included among the rapid transit improvement projects listed in the People's Transportation Plan (PTP).

BASE WORK ORDER AMOUNT: \$4,108,043.29

CONTINGENCY ALLOWANCE (10%) \$410,804.33

Section 2-8.1 Miami Dade County Code
TOTAL WORK ORDER AMOUNT: \$4,518,847.62

FISCAL IMPACT: The fiscal impact of this Work Order amendment is \$4,518,847.62 and is part of the MIC-Earlinton Heights Connector Project and will be funded through a combination of the \$100 million from the Florida Department of Transportation (FDOT) and proceeds from the Surtax.

Track Record / Monitor

JUSTIFICATION:

FPL conflicting facilities must be relocated or adjusted to eliminate interference with the construction of the MIC - Earlington Heights Connector Project, and to avoid construction start-up delays. Work Order No. FPL-D-EHC-1, in the amount of \$4,518,847.62, will provide design and construction of said conflicting FPL distribution facilities. As stipulated in the *Utility Master Agreement*, the cost estimate prepared by FPL is based on the work necessary to relocate the utilities as identified in the 60% design drawings developed by the consultant engineer, URS, and a field verification. The FPL binding cost estimate stipulates that "should the actual FPL cost exceed the binding estimate amount, the applicant shall be responsible for those additional costs up to a maximum of 10% of the binding estimate amount." The estimate was reviewed by MDT staff and the consultant engineer to ensure that the estimate reflects the work necessary to accomplish the relocation of the conflicting facilities. Should the Final Design drawings change, and this results in changes to the identified utility conflicts, then another work order will be presented to the Board for approval.

FIRM:

Due to still pending easement issues for Parcel 501, the enclosed estimated relocation costs for the relocation of the existing overhead feeder across the Miami River and for Parcel 501 do not include any costs associated with the acquisition of Florida Power & Light Co. Distribution Easements. The relocation of FPL Transmission facilities will be submitted under a separate Work Order.

Florida Power & Light Company

Note: The utility relocation design may be performed by FPL or by their engineering consultant. The utility relocation construction may be performed by either FPL or FPL contractors. Said contractors are under a contract award to the lowest qualified bidder who submitted a proposal in conformity with the requirements and specifications of the work. A list of such contractors is submitted to the County in advance of the solicitation for bids. This is in accordance with the *Utility Master Agreement*.

Background

This work order is necessary for the relocation of conflicting FPL facilities, which must be adjusted or relocated prior to construction of a People's Transportation Plan (PTP) project—MIC-Earlington Heights Metrorail Connector. The utility relocation is scheduled to begin July 2007. Construction of the MIC-Earlington Heights Connector is scheduled to begin 2008.

FOURTH AMENDMENT TO THE
UTILITY MASTER AGREEMENT
BETWEEN
MIAMI-DADE COUNTY, FLORIDA
AND
FLORIDA POWER & LIGHT COMPANY

THIS FOURTH AMENDMENT TO THE UTILITY MASTER AGREEMENT is entered into this day of , 2007, by and between MIAMI-DADE COUNTY, a political subdivision of the State of Florida, hereinafter referred to as "County" and FLORIDA POWER & LIGHT COMPANY, hereinafter referred to as "Utility".

NOW, THEREFORE, in consideration of the mutual promises of the County and the Utility the parties do mutually agree as follows:

Amend Article II Paragraphs 13 and 14 as follows:

13. Notice Under this Agreement: All notices or other Communications to either party by the other shall be made in writing and addressed as follows: to the County: Director, Miami-Dade Transit, 111 NW 1st Street, Suite 910, Miami, FL 33128; to the Utility: c/o FPL Miami Dade County Relocation Coordinator, Florida Power & Light, 4200 West Flagler Street, Miami, Florida 33134.

14. Delegation of Power and Duties: Concurrent with the execution of this Agreement, the following persons shall be designated as the authorized representatives of the parties for the purposes of this Agreement: for the County: Miami-Dade Transit, Chief Right of Way and Utilities Division; for the Utility: FPL Miami Dade County Relocation Coordinator. Any such designation may be amended upon the provision of such notice as specified above.

Amend Article X Paragraph 13 as follows:

13. Insurance: Florida Power & Light Company (FPL) shall indemnify and hold harmless the County and its officers, employees, agents and instrumentalities

from any and all liability, losses or damages, including attorney's fees and costs of defense, which the County or its offices, employees, agents or instrumentalities may incur as a result of claims, demands, suits, causes of actions or proceedings of any kind or nature arising out of, relating to, or resulting from the performance of the Agreement by FPL or its employees, agents, servants, partners, principals or subcontractors. FPL shall pay all claims and losses in connection therewith, and shall investigate and defend all claims, suits or actions of any kind or nature in the name of the County, where applicable, including appellate proceedings, and shall pay all costs, judgments, and attorney's fees which may issue thereon. FPL expressly understands and agrees that any insurance protection required by this Agreement or otherwise provided by contractor shall in no way limit the responsibility to indemnify, keep and save harmless and defend the County or its offices, employees, agents and instrumentalities as herein provided.

IN WITNESS WHEREOF, the parties have executed this Fourth Amendment to the Utility Master Agreement as of the date first above written.

Re: **Earlington Heights Corridor
Binding Cost Estimate (Revised)**

Dear Mr. Borbolla,

Per your request, Florida Power & Light Co. has revised the "Binding Cost Estimate", for the Earlington Heights Corridor, to include the previously omitted relocation costs associated with Parcel 501, Parcel 312, the work associated with NWS River Dr. and the CSX crossing.

This "Revised Binding Cost Estimate" is based on Miami-Dade Transits Revised 60% Plans dated 10/2/2006. The revised "Binding Cost Estimate", for Distribution Relocation work, is \$4,108,043.29. This estimate is valid through August 2, 2007. Should the actual FPL costs exceed the binding estimate amount, the applicant shall be responsible for those additional costs up to a maximum of 10% of the binding estimate amount.

Due to the easement issues, still pending for Parcel 501, the enclosed estimated relocation costs for the relocation of the existing overhead feeder across the Miami River and for Parcel 501 do not include any costs associated with the acquisition of Florida Power & Light Co. Distribution Easements.

If you should have any questions, or if you should need any additional information, please contact me at my office at 305-442-5128, or my cell phone at 305-582-6280.

Yours truly,

Thomas S. Hodgdon
